

James Taylor Justice Coalition (JTJC) of Sumner Hall and Minary's Dream Alliance, Inc. are co-sponsoring a community bus tour to significant Civil Rights sites in Alabama and Georgia. Minary's Dream Alliance, Inc. co-founders and board members had planned a tour of the area three years ago that was delayed by the Covid-19 pandemic. The tour is a fitting partnership since members of Minary's Dream Alliance, Inc. are also members of the James Taylor Justice Coalition (JTJC).

The tour will include visits to the Civil Rights Institute, the Sixteenth Street Baptist Church and A.G. Gaston Hotel in Birmingham; the Edmund Pettus Bridge and National Voting Rights Museum in Selma; the Legacy Museum and National Memorial for Peace and Justice in Montgomery; and the King Center in Atlanta.

The group will also deliver soil – collected May 14, 2022, from the site of the 1892 Chestertown lynching of James Taylor – to the Legacy Museum where it will be on permanent display. The Soil Collection Celebration, part of an Equal Justice Initiative (EJI)'s Community Remembrance Project, will be featured on Justice Day 2022. James Taylor was one of 38 lynching victims in Maryland and one of 6,500 documented lynching victims in the United States.

Minary's Dream Alliance, Inc.'s mission is to transform the lives of youth, families and communities through education, resource development and community engagement. Sumner Hall's JTJC is dedicated to the mission of educating our community about the injustice of James Taylor's 1892 lynching and to make the connection between the racial terror lynchings of the past and convict leasing, peonage, mass incarceration, incidents of police brutality and discrimination of today.

The 2022 Civil Rights Bus Tour advances the missions of both Sumner Hall and Minary's Dream Alliance by providing local youth and adults with a powerful educational and emotional experience linking our local history of racial terror with our nation's struggle. Equipped with a richer understanding of history, tour members will be able to act more effectively when addressing racial and social justice issues at home.
